REJECTION OF BIDS ON GERMAN SHIPS URGED BY PAYNE

CHAIRMAN OF BOARD
ASKS AUTHORITY TO
RENEW NEGOTIA-
TIONS FOR SALE.

OFFERS TOO LOW

Higher Prices Hoped for If Ves-
sels Are Advertised
Further.

[BY ASSOCIATED PRESS.]

Washington, Feb. 18.—Rejection of all bids received for the 30 former German passenger ships offered for sale by the shipping board was recommended today by Chairman Payne of the board, who asked authority to renew negotiations for the sale of the vessels for operation under the American flag.

The board's recommendation was contained in the following resolution submitted to the committee:

"Resolved, that with the report submitted by the board, the committee be authorized to take the following action:

"The board believes that in view of the uncertainty as to whether the sale of the ex-German ships would result in a higher price than could be obtained by further negotiations.

"Resolved, that the bids received on the 20th of January in response to the advertisement for sale of the ships be rejected and the public auction held on the 16th and 17th of January be and the same are hereby rejected and the checks of the bidders be returned.

"Resolved further that the sales division be and it is hereby instructed to negotiate for the sale of the said ex-German passenger ships on the terms heretofore announced in the original advertisement."

A—That they be sold to American firms, corporations, or persons for use under the American flag.

"The committee is authorized to the routes or services established by the board and that each negotiation, when the highest price possible is obtained, be reported to the board for its action."

Recalls Sale of 188 Ships

The resolution was embodied in a prepared statement which Mr. Payne said he would submit to the board. The board had sold 188 ships in accordance with its policy to dispose of the fleet to American citizens for operation under the American flag and that 18 former German cargo vessels were included in this number.

Chairman Payne said if the congress desired to change this policy to public ownership of ships, the passenger liners should not be sold and congress should not be asked to spend the \$75,000,000 estimated as necessary to convert them from troop to passenger vessels.

"I would not be surprised," he said, "that the ships whether owned by the government or by private capital, must in either case be operated by shipping companies which are bidding for the ships. The government has no adequate organization for the direct operation of ships and if the government continues to be the owner, it must pay the operators a fixed fee and a commission upon receipts and take whatever profits remain if no profit remains must bear all the losses."

The chairman said that in accord with the joint resolution passed over a naval board had appraised the craft and that the prices at which the board could be sold in excess of the appraised value.

Passenger Ships Scarce

Mr. Payne said passenger ships were scarce now and building prices high, but that these conditions might change and the value of the ships be correspondingly lessened.

"If we proceed to re-conversion of the ships, making them fit for passenger service," he continued, "it will take from 6 to 12 months to put them into service."

Questioned as to the possibility of the vessels being sold to foreign interests, Chairman Payne told the committee the ships could not be transferred from under the American flag without permission from the shipping board.

About the ownership of the International Mercantile Marine, chairman Payne declared that investigation by the board had shown the company to be 100 percent American.

HILLQUIST EXPLAINS SOVIET SYSTEM IN SOCIALIST TRIAL

[BY ASSOCIATED PRESS.]

Albany, N. Y., Feb. 18.—Further examination of Morris Hillquist, socialist leader, was expected to consume most of today's session of the trial of the five suspended socialist assemblymen charged with disloyalty.

Mr. Hillquist asserted that socialists did not consider the soviet system a despotism. Instead, he said, Russia now was a "limited democracy." Ninety-five percent of the population enjoyed suffrage based on membership in the "working" class and not on property, he continued, adding that suffrage would be extended to the five percent of "shirkers" came to perform useful work.

Mr. Hillquist differentiated between soviet government, bolshevism, party, and Moscow international, which he said were not identical as implied by the government. Expression of sympathy with the soviet government does not imply support of the bolshevik party or adherence to the program of the Moscow international, he added.

He compared a soviet to the assembly and said it was a form of government which had been used with politics as its members may be elected from any party. Just now, he said, the bolshevik party holds control through a majority.

"Falling into disfavor of the bolshevik party would not affect the soviet form of government," he said.

"The Moscow international, to which the socialist party of America has pledged its support, now is 'very largely an idea,' according to Mr. Hillquist.

MEN WILL BE MEN SAYS PACIFIST IN WOMAN'S LEAGUE

[BY ASSOCIATED PRESS.]

Chicago, Feb. 18.—The League of Women Voters, successor of the National Suffrage association, today expressed the league of nations, recommended "adhesion of the United States with the least possible delay," and rejected universal military training.

Both resolutions were adopted after warm debate. Speakers who advocated the adoption of the league of nations resolution included Mrs. E. H. Landwhiler, secretary of the National League of Women Voters, and Mrs. E. H. Landwhiler, secretary of the National League of Women Voters.

Opponents of universal military training declared it would have a "practically effect" on the country and urged the need of strict economy in governmental expenditures. Dr. E. H. Landwhiler, secretary of the National League of Women Voters, declared that such a system is necessary as long as the nature of man remains what it is there will be war."

Mrs. Fletcher Dobyns, Chicago, who led the fight for military training, said that such a system is necessary to insure the safety of the nation.

SUNDAY OPENING HELD MATTER OF PUBLIC OPINION

COUNCIL TAKES NO ACTION ON SABBATH BOWLING AND BILLIARDS.

UP TO CITIZENS

Places Will Probably Open Coming Sunday Subject to Owners' Arrest.

Billiard halls and bowling alleys in Janesville will probably operate at least part time Sunday for the first time in the history of the city.

This was the belief today based upon open discussion of the matter at the adjourned regular meeting of the city council held last night at the city hall.

Although no official sanction was given to Sunday opening, it was brought out in the discussion that the question is to be governed by public opinion.

The understanding is that operators of these places will open up the coming Sunday placing themselves under arrest and fine if complaints are made. If public opinion seems to favor their opening, they will continue to operate Sunday always subject to arrest; otherwise, conditions will continue the same as they have for the past 40 years.

Two councilmen, W. J. Hill and J. J. Dullin, came out flat footedly last night with announcements that they favored Sunday bowling and billiard playing if the places were operated decently, especially in regard to excluding minors from games. They said, however, that would not go officially on record as favoring it as they would thus be voting in direct violation of statutes and ordinances.

Legal Side Explained.

Mayor Welsh pointed the matter after the decision had been cleared for action saying he had been approached many times during the past few weeks in regard to Sunday opening. Roger G. Cunningham was called upon for a legal explanation of what the council could and could not do toward Sunday opening.

Through the council chamber, public opinion largely ruled in such matters. Mr. Cunningham dwelt at length on the sweeping preliminary question of whether or not Sunday business is a complete enforcement of it, every kind of business, or only such as is implied by the necessity or charity would be closed on Sunday," he declared.

"Theaters, ice cream parlors, garages, filling stations, and other places where business coming under this head would be obliged to close its doors all day Sunday. But public opinion does not seem to favor such action."

Theater Mix-Up Cited.

Alderman Dullin told of the theater squabble several years ago which finally ended with the city council taking action on Sunday.

"I was one of the leaders in the movement to secure Sunday opening of theaters," he said.

When the council chamber was every minister in the city stood up and argued against it. But when the city council decided to open the theaters, the city council decided to open the theaters.

MILWAUKEE REDS FACE DEPORTATION

M'ADOO REFUSES USE OF HIS NAME IN STATE PRIMARIES

[BY ASSOCIATED PRESS.]

New York, Feb. 18.—William G. McAdoo announced today that he would not permit his name to be used in a nomination for primary ballots and that he advocated sending unselected delegates to the democratic national convention.

"Personally," Mr. McAdoo continued, "I would be delighted if the next national convention might actually be a great democratic convention where every effort should be made to secure the highest freedom of action should prevail and where the motive of high service alone should control."

The obligations of citizenship in a democracy are supreme, he said, and therefore he should "regard it as the imperative duty of every man as the imperative duty of every man to accept a nomination if it should come to him unsolicited."

Not Seeking Nomination.

"I am not seeking the nomination of the party," he said, "and am reluctant to do anything that would create the appearance of a candidacy."

McAdoo's views were expressed in a letter sent to Miller S. Bell, mayor of Milledgeville, Ga., in response to a telegram saying the city fathers of his boyhood town had placed his name on the presidential preferential ticket.

"Patriotism and constructive leadership," he said, "are the highest order of citizenship. I am convinced that we are most likely to secure them if the supreme consideration of the nation is the individual candidate for the presidential office," the letter read.

"Therefore," he said, "I would not seek the nomination of the national convention composed of untrammelled men and women, bound to no particular candidate, and free to select the man of their choice."

"Holding these views, I am free to say that I am not seeking the nomination of the party."

Impossible in Some States.

"What I realize that under the primary laws in some states are impossible, nevertheless I think it highly desirable that such a system be made to send unselected delegates from every state where possible. If a platform is adopted and a candidate is selected, the delegates should be free to support the candidate of their choice."

RENT PROTECTORING FULLY DISCUSSED BY CITY COUNCIL

HIGHER ASSESSMENTS SEEN AS ONLY REMEDY FOR CONDITION.

PLAN NEW LAWS

Substitute Garbage Ordinance and One Creating Health Board Proposed.

Everything from rent protectoring to health board establishment, bridge building to anti-slavery, was discussed by councilmen last night in what developed into a "clean-up" meeting for old business and the introduction of some of a new variety.

Tenants having complaints to make of unjust rents notify either the mayor or city assessor Frank L. Smith in re-assessing these landlords' property may be put at a higher figure was the informal discussion in which several cases of alleged renter's grievances were cited. It was brought out that the council had no power to act in the matter, but that the city council should be placed on all rental properties.

The matter came up when Mayor Welsh read an anonymous letter, one of a number which he had received, in which a "Yorkingman" stated that the council should curb excessive rent charges. Ald. Curt was in ready accord to do something if possible, declaring he had been raising from \$15 per month to \$45 and that houses in the Fourth ward which never brought more than \$7 were now renting at \$21 and \$22.

Drawing attention to the high cost of food and building materials, Ald. L. J. Cronin said he believed cases of profiteering were but few. "Let them try to build one and see what the price will be," he said.

Prices Have Been Low.

"The whole thing comes down to the fact that tenants themselves are almost wholly responsible for prices," said Mayor Welsh. "They are hiding against each other. I can name almost any amount and someone will take it. The real truth is that the prices have been low."

"It costs me \$100 a month just to own my own house, figuring in depreciation, repairs, and maintenance and repairs. I would advise that those who are protesting against exorbitant rents present their data to the city council."

The much-kicked and dilapidated garbage ordinance came up for another slap when Ald. Dullin advised the council to amend the ordinance and the necessity for immediate action. Upon Ald. Dullin's motion it was voted to have another ordinance drafted and submitted to the council for its consideration.

Upon motion of Ald. Cronin it was unanimously voted to have the city attorney prepare a resolution for the next meeting calling for the establishment of a city board of health to work in cooperation with the health officer. It is proposed that the board be composed of members serve gratis. The action was recommended by Dr. Bowman, chief of the state health department.

Mayor Welsh addressed the council in regard to the city planning department. He said that the department of a factory zone. Recommending that action be taken in the immediate future, he asked members of the council to support the establishment of a city board of health to work in cooperation with the health officer. ALLIES' ADRIATIC REPLY IS RECEIVED; NOT MADE PUBLIC

[BY ASSOCIATED PRESS.]

Washington, Feb. 18.—The reply of the allied supreme council at London to President Wilson's note on the Adriatic situation was received today at the state department. It was decoded as fast as it came in.

It was announced officially that the reply would not be made public for fear it might be misinterpreted. The reply has been left by the council expected to give the press a summary of its contents.

Ukter Leader Inquisitive

London, Feb. 18.—Sir Edward Carson, Ulster leader, asked in the House of Commons whether it was a fact that a harsh and uncompromising reply had originally been drafted to President Wilson's note on the Adriatic and whether it had subsequently been changed as the result of representations by Viscount Grey, ambassador to the United States, and Robert Cecil and Austen Chamberlain, chancellor of the exchequer.

There was not the shadow of foundation for such a suggestion. It is understood the communication sent to the American capital objects to a reporting of the Adriatic circumstances existing when Premier Lloyd George, Nitti, and Clemenceau framed the virtual ultimatum to Jugo-Slavia in January, could not be ignored, and the president, it is asserted, is told the decisions reached last December to which Mr. Wilson adhered in his note, will be carried out in Mr. Wilson will indicate the way to peace.

FESS DRAFTS BILL TO FILL PRESIDENCY IN ANY EMERGENCY

[BY ASSOCIATED PRESS.]

Washington, Feb. 18.—Representative Fess, Ohio, chairman of the public congressional committee, announced today that he was preparing for introduction a resolution for the removal of President Wilson which would provide that the disability of a president to administer his office would be determined by the supreme court and declared by a concurrent resolution of congress.

Under the amendment the vice-president would assume the duties of the president in the event of removal or disability. Should congress not be in session when the disability occurred, the vice-president would be authorized to call a special session.

Mr. Fess said his measure would not be designed to cause the removal of President Wilson, but that it had merely been suggested because of the situation resulting from the president's illness.

WILSON DISREGARDED BLISS' WORD--MARCH

[BY ASSOCIATED PRESS.]

Washington, Feb. 18.—American troops were sent into Russia and Siberia by President Wilson against the advice of Gen. Tasker H. Bliss, chief of staff, who had been a member of the allied supreme war council, testified today before the house committee on the Russian revolution.

"I don't suppose that the president would disregard a strictly military proposal," General Bliss said.

Promotion of officers by selection was urged by the chief of staff, who said that the army had placed inefficient officers in high positions.

Asked concerning the award to Major General Bliss of the distinguished service medal, General Bliss said it was "in recognition of his fact and ability as a military leader and not for his services as acting chief of staff."

PRESENT SCALE MADE EFFECTIVE FOR SIX MONTHS

CONFERENCE REPORTS TO HOUSE AND SENATE ON REORGANIZATION PLAN.

STUNS CONGRESS

Special Interest Caused by Recent Demands of Workers.

[BY ASSOCIATED PRESS.]

Washington, Feb. 18.—Wages established by the railroad administration during the war would continue in effect until Sept. 1, under the railroad reorganization bill, the conference report on which was presented today in the house and senate.

Under the wage provision the reorganization bill created more surprise in congress than any other change made in compromising the Reorganization bill of the house and the senate. The bill, which would stabilize the present levels for six months after the rail properties were returned to private control. The bill as reported today seeks to stabilize rates for the same time providing that prior to Sept. 1 no rates may be applied in interstate commerce unless a conference report is obtained.

Restrictions Are Surprising

The restriction on wage increases was looked upon with special interest by members of congress, railroad officials and union leaders. In view of the recent demands of the more than two million railroad workers for an advance in pay.

When in supporting the contention that no increases could be granted on the eve of return of the railroads, told the union leaders that the union would be considered by a commission to be created by law if such provision was included in the railroad bill or to be appointed on its own initiative if no legal provision were made.

The 14 rail union heads have called a conference to discuss the matter. To ascertain if the railroad executives would agree to turning over the wage controversy to such a commission. The union heads requested a committee of railroad officials to confer with him here tomorrow.

Chairman Fess announced today that the conference report would be taken up in the house Saturday—and Chairman Cummings expects to call it up in the senate. He said that despite the expected opposition to the new wage section, republican leaders expressed belief that the report would be adopted.

Outstanding Points Summarized

The outstanding points of the reorganization bill are: 1. Submission of labor disputes to a permanent federal board appointed by the president and composed of five members equally divided between the employees, employers, and the public. No provision is made for the board's decision.

Adjustment of rates by the interstate commerce commission so as to yield to the aggregate value of their property with another half of one percent of the value of the property.

Distribution of half the net railway operating income in excess of 6 percent of the property value to be used for the federal railroad contingent fund which will be administered by the commission for the assistance of weaker roads.

Government guarantee to railroads against the cost of the consolidation plan to be prepared by the interstate commerce commission.

Appropriation of \$500,000,000 to be used in revolving funds from which to make loans to carriers and pay claims growing out of the consolidation plan.

Pending funds now in the railroad administration's hands are also re-appropriated for that purpose and an appropriation of \$50,000 for the federal labor board is provided.

As finally agreed upon, the labor board will be composed of three members, one of whom shall be the duty of all carriers and their officers, employees and agents to exert every reasonable effort to avoid any interference to the operation of any carrier."

Boards to Settle Disputes

Such dispute, the bill provides, should if possible be decided by railroad boards of arbitration established by agreement between the carriers and the public.

ST. PAUL SPECIAL HITS AT TOP SPEED

Divisional Trainmaster H. A. Hargraves, acting engineer of a special train to Madison last night displayed speed when he carried 100 couples from Janesville to that city in one hour and two minutes. He went so fast he is believed to be still going as he had not appeared at the office this morning at 11 o'clock.

George Barry, acting as conductor, yelled "all aboard" at 7:30 o'clock last night and the train (piloted by Miss Edna Schroeder) sailed for Madison, making no stops. James Stearns and William Riley acted as brakemen. The latter was standing on the rear platform most of the time studying the book of regulations. There was plenty of traffic but no traffic manager as Herbert Barney failed to appear. James Gregory, acting as fireman slightly burned his arms and face trying to keep up with the new engineer's pace.

A committee of six girls met the train and escorted the young people to the hall where Boyd's orchestra was ready to set the time. Three hundred couples attended the dance after which they had supper. The special left Madison at 1:30 and Mr. Hargraves living up to his reputation had his party in Janesville by 2:35.

It was decided to sell the old police patrol to the highest bidder after the city had paid the cost to overhaul the engine alone would be \$350. This he said he had learned from Asst. Fire Chief Charles Schultz, who inspected the machine for the purpose of seeing whether or not it could be converted into an ambulance for transporting contagious patients.

Inspect Monterey Bridge. Recognizing the comparatively poor condition of the Monterey bridge, City Engineer C. Y. Kerch and Street Commissioner Thomas McKune were ordered to make a thorough inspection of the structure this week and to report their findings at the next council meeting.

Ald. Hilt advocated barring of all heavy trucks from the bridge, but it was considered advisable to wait until the inspection had been made before taking any such drastic action. A communication from the Wausau Iron Works was read, they saying it was "sickening" to be receiving complaints about slow down in the city street bridge when they are doing all in their power to hurry construction and yet make a substantial job of it.

A change made in the salary ordinance to give City Electrician Les Pierson \$1,800 per year instead of \$1,500. He complained that his salary had been increased to \$1,800 in addition to regular firemen's pay he would have received \$1,800. The change was made after the matter was discussed.

It was voted that a sum of \$134.57 be appropriated from the earnings of the water department in order to make a communication and improvements to the system from Jan. 1, 1918 to Jan. 1, 1920, divided as follows: Steam power pump, \$3,487.50; hydrants, \$4,732; intakes, \$1,302; stores, department building and equipment, \$200; utility equipment, \$757; miscellaneous, \$582.

The board of public works was directed to cause to be prepared diagrams of plans for sewers in sewage districts Nos. 7, 9, 13, and 17 and to proceed to the adoption of the same. Frank L. Smith, city assessor, was deputized to sign orders as city clerk during the illness of City Clerk Edwin J. Martell, who will be unable to do duty for at least a week. Mr. Smith acted as city clerk at the meeting last night.

The matter of making a \$400 appropriation to the national guard company similar to that given the state guard was given up. After some discussion an investigation was ordered. Mayor Welsh said to money was given other years on the grounds that the state guard was furnishing quarters for drill of the high school cadets, but that this organization had caused to exist, probably because school officials refused to give credits to students for this work, he said. He declared he had approached some of them in regard to it but they seemed "hostile" to the plan.

In closing the meeting the mayor called attention to the regular meeting next Monday night which he said could be adjourned a few minutes after being called to Tuesday night at 8 o'clock when property owners will be given a chance to present their views in regard to paving.

ST. PAUL SPECIAL HITS AT TOP SPEED

Divisional Trainmaster H. A. Hargraves, acting engineer of a special train to Madison last night displayed speed when he carried 100 couples from Janesville to that city in one hour and two minutes. He went so fast he is believed to be still going as he had not appeared at the office this morning at 11 o'clock.

George Barry, acting as conductor, yelled "all aboard" at 7:30 o'clock last night and the train (piloted by Miss Edna Schroeder) sailed for Madison, making no stops. James Stearns and William Riley acted as brakemen. The latter was standing on the rear platform most of the time studying the book of regulations. There was plenty of traffic but no traffic manager as Herbert Barney failed to appear. James Gregory, acting as fireman slightly burned his arms and face trying to keep up with the new engineer's pace.

A committee of six girls met the train and escorted the young people to the hall where Boyd's orchestra was ready to set the time. Three hundred couples attended the dance after which they had supper. The special left Madison at 1:30 and Mr. Hargraves living up to his reputation had his party in Janesville by 2:35.

Husbands and wives and others will have a chance to see this sparkling comedy by Roi Cooper Megrue at Myers theater tonight, when Norman Hackett, under direction of the Selwyns, will make his appearance in the role of a man about town, the principal angle of this new and interesting triangle. But he is not the villain. There is no villain. They are all just human. "Tea for Three" had its premiere last year at Maxine Elliott's Theater, New York, and remained there for one year. The piece has recently completed a record-breaking run in Chicago. A famous English star is preparing it for the London stage and rights have

just been sold to Australia. The piece is cosmopolitan in its appeal. It contains something of the problems in the life of every human being. But it is not a lesson play—it is comedy, pure and simple. In support of Mr. Hackett are Mildred Ekens as the wife and Hayden Stevenson as the husband, also a number of other competent artists. There are three acts and the quaintest prologue ever written.

CHAPTER IX.

A slight accident occurred at the jail, one so unimportant that Scanlan, the jailer, did not think it worth reporting to the chief Blackwell.

From the little table in his room he eyed the one of the corner braces. At night he escaped away at this with his bit of glass until the wood began to take the shape of a revolver. This he carefully blacked with the ink brought him by his guard.

His chance came through the good-nature of Scanlan. Blackwell was loaded with chewing tobacco and asked the guard to buy him some. About ten o'clock Scanlan returned and brought the tobacco to the prisoner. He passed the plug through the grating Blackwell's fingers closed around his wrist and

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours for three doses are taken usually breaks up a severe cold and ends all the griping misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster, soothes, relieves and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, chilblains, frozen feet, colds of the chest (often prevents pneumonia).

CHILDREN NO EXCEPTION

In Janesville as elsewhere Youth and Age Suffer Alike From Kidney Weakness.

Is your child weak, frail and pale? No control over the kidneys' action? Kidney weakness is a serious thing.

Far too serious to overlook. It may mean a life of sickness. Profit by Janesville experiences. Use Doan's Kidney Pills.

Endorsed by Janesville parents. Read this Janesville mother's endorsement:

Mrs. Fred Mutchler, 1212 McKay Blvd., says: "We have all used Doan's Kidney Pills in our home and found them to be just as effective as I am pleased to recommend them to anyone suffering from kidney trouble. I gave them to one of my children and they have done wonders in his case. The child was peevish and fretful and seemed to have no desire to play with the other children. By giving him four pills a day, his kidneys were strengthened and his health was improved at once. Now he feels like all other children and plays about with them."

Sold at all dealers. Foster-McMillan Co., Buffalo, N. Y.

CLASSIFIED ADVERTISING
ONE DAY IN ADVANCE
OF PUBLICATION.
Several contributing reasons have
made it necessary to place classified
ads on a day-in-advance basis, which
means that all classified advertising
should be in the Gazette Office one
day in advance of publication.
This daily advance will appreciate
the situation and cooperate to
the best of their ability.
